Weston County School District #1 Parent Portal

PowerSchool Parent Access

PowerSchool's Parent Access provides parents or guardians round-the-clock access to real-time information about their child's attendance and grades. It also provides a means for teachers to communicate with parents or guardians about class events and assignments, and ways they can help their child at home. Parents or guardians can contact teachers via email – teachers addresses are linked right on the front page. You can also elect to receive periodic emails with attendance and grade updates, if that method is easier for you than going to the site.

Getting Started

All of you should have received information in the beginning of the school year that gave you your students' username and password. If you did not receive this information please notify the main office of your school and they will be happy to provide you with this information.

Logon to Parent Access

1. Open a web browser, such as Internet Explorer, Safari, FireFox, or Chrome, and enter the address of the Weston County #1 School District Webpage.
   http:www.wcsd1.org

Hoover over the Parent/Student Link at the top of the page and choose PowerSchool Portal

2. You can also navigate directly to the PowerSchool Parent Portal which is located at the following URL: http://ps.weston1.k12.wy.us/public/

3. Next you will need to enter a username and password.

Once you have successfully logged into the Parent Portal, you will see the Start Page. Parents of middle school and elementary students see identical layouts and identical functionality. However, grades K – 2 will not see grades for student work because teachers in grades K – 2 do not enter grades in PowerTeacher Gradebook.

The Main Menu consists of the following: Grades and Attendance, Grades History, Attendance History, Email Notification, Power Announcement, Teacher Comments, School Bulletin, Class Registration, Balance, My Calendars, School Information and Account Preferences.

Grades and Attendance

Use this page to view the grades and attendance for the student in the current term. The legend at the bottom of the page displays the attendance and citizenship codes and their meanings.

Current or historical grades for each course in which the student is enrolled are listed next to the course name on the Grades and Attendance page. Clicking the grade displays assignment information. This feature helps parents know how the student is performing throughout the term and helps prevent their getting a surprise when report cards come home. Parents can see when assignments are due and whether students are falling behind in their work. Clicking the name of the assignment will provide the parent with a description of the assignment. If assignment scores display in blue, clicking the score will shows parents the score comment. There is a note to parents indicating that the student's final grade may include assignments you have created but not yet published.

Power Announcement

This is a **NEW** feature available to Parents this year. This allows Parents to choose how the District can best communicate with its parents using the Automatic Alert Solution. The District often sends out announcements to notify Parents of School Dismissals, Changes in Schedules, Lunch Balances, and other important notifications that pertain to your child. This feature tells the District what your preference is to receive these notifications. The options are via Phone Calls, Email, Text Messaging, or a combination of all three. To see all the current preferences of this page choose the Expand All button to see what options are available to you. Fill out all the fields and checkboxes you wish and when finished choose the Save Preferences button in the bottom right hand side of the window.

My Calendars

My Calendar, a personal calendar application, is a tool to help parents and students stay on top of daily events and better manage their time. Using My Calendar, you can subscribe to and receive homework and school event information in the form of a calendar on your desktop computer. With My Calendar, you can: Subscribe to calendars to keep up with homework assignments, grades, school events, and more.

View more than one calendar at a time from within a single unified window to quickly identify schedule conflicts and pockets of free time. Keep your priorities straight with a built-in To Do list.

My Calendars

My calendars requires an application which supports the vCalendar standard. To use the Subscribe links below visit iCalShare to find an application that supports the vCalendar standard.
