

As many of you know Governor Gordon has authorized re-opening of businesses such as gyms, nail salons and personal care services under new public health orders. We've received inquiries on if the weight room will re-open May 1. Because of the strict regulations (staff of facility must wear face coverings at all times and be screened at the beginning of shifts for symptoms of illness as well as exposure to COVID-19 in the previous 14 days in order to be able to work, tight records of customer usage, extensive sanitary measures between use, no more than 9 patrons at a time and not to have more than 1 person per 120 square feet with social distancing, etc.) it would be very difficult to try and manage the facility with our staff. The school district is currently closed to the students and so the rec board felt it was the best decision was to remain closed. We also are unable to check out equipment. If you have questions please contact Teresa Gross at grosst@wcsd1.org or 605-214-1240. Please check back for updates or sign up or remind at: <https://www.remind.com/join/wcsd1rec>

or text: 81010 and in the text message type: @wcsd1rec

For details on the re-opening of certain businesses please go to the Governor's web page:
