Newcastle Middle School

October 9th, 2020

NMS students, families, and staff

This afternoon we received word that an employee at Newcastle Middle School tested positive for COVID-19. We will be working with public health officials to assist them in any way we can, but for now we have no other information to disclose. We will wait for guidance and direction from the Wyoming Department of Health as they complete their contact tracing investigation and pass on any relevant information we may receive.

Please continue doing your part by following public health guidelines and granting patience and grace to one another. We are all in this together. Thank you.

Warmest regards,

Tyler Bartlett – Principal
